Getting ready...

His married brother, David, is making engineering at Iowa State University. They next high school education appeared to have lost his plans. The also have a daughter, Debra was, in Charlotte City. The woman's work includes the design and operation of the hogg yard’s equipment.

On another occasion, one in the fall of last year, he had an opportunity to visit the school where his brother was attending. He described it as a fine school and one of the best in the state.

"I had a great time there," he said. "I really enjoyed the classes and the people. They were very helpful and made me feel welcome." He continued, "I can't wait to return next year to make new friends and learn more about the subject."
